**Nebraska Locksmith Association/NE Chapter of ALOA
Omaha NE, April 27, 2019**

Members in attendance: Ryan Andersen, Grady Turner, Gene Hansen, Tony Delgado, Josh Seybert

Meeting called to order at 8:19am

-Grady read minutes from January 2019 meeting. They were accepted by Gene Hansen and seconded by Ryan Andersen

-Gene read the treasurers report. It was accepted by Ryan Andersen and seconded by Tony Delgado.

Old Business:

- The topic of old classes was discussed with the possibility of repeating them.
- The topic of the old video library was discussed. We are gonna try to track down what happened to it.

New Business:

- The newest installment of Fast Facts and how this version might be the last.
- Gene talked about putting on a Modified cylinder class for July.
- Possibility of a Lishi class in October. Would cover the KW1 and SC1 Lishi. Must pre register so we can order the right Lishi tools. The class fee for member is \$20 plus the cost of the Lishi tools (120 each?) The class fee for non-members is \$75 plus the cost of the Lishi tools.
- Topic of what we should do for the January 2020 class in Lincoln
 - Maybe an Ace class?
 - Lock shop management
 - Large Format I-Core
 - Looking into a possible PRP test on Friday
 - Want to revisit this in the July 2019 Meeting so we can try to have classes planned out at least 9 months ahead

A motion for the meeting to close was called at 9:43 by Gene Hansen and seconded by Ryan Andersen.

Respectfully submitted by Josh Seybert

Presidents Notes:

We will have our annual garage sale in Kearney. This is always a good opportunity to sell items that you don't want to keep and buy stuff that you need or want. In October, we will have a workshop on the new Lishi tools for Kwikset and Schlage. In January, we are planning an ALOA class and sponsoring a sitting for the PRP exam. A request has been submitted to ALOA.

The October class will be finalized at our July meeting. Preliminary plans are to require advance registration and payment. The cost of the class will include one Lishi tool. The current price of these is \$120.00, so we will need to have confirmed reservations and advance payment for this class. For those who already have these new tools, there will be a nominal fee for the other materials used. Essentially, the workshop will involve decoding various locks and/or lock cylinders. Once the lock has been decoded, the student will make a key and confirm the decoding was accurate.

Grady

Driving directions to Kelly Inn, Omaha:
From I-80, take exit **445** for **L St East**.
Turn right at the first traffic light, onto **S 108th St**.
Kelly Inn will be on the right.

Saturday, July 20, 2019

8:00 AM—Business Meeting
9:00 AM—Class begins
Modifying Cylinders
Eugene Hansen, Instructor

This is a hands-on workshop. A lock cylinder to work on will be provided. Learn how to modify a lock cylinder to operate in one direction only, trap a key and other special functions.

Tools to bring:

- Pick set
- Pony vise for holding plugs and cylinders
- Needle files
- Dremel tool with grinding wheel and a burr for touch-up
- Eye protection
- Countersink
- Tweezers
- Awl
- Vise grips or side cutters
- Plug followers
- Pinning mat

Class fee (NLA members) \$25, (Non-members) \$75
